

## **Grafton Bethel Third Grader Wins York County's Annual "Skeeter Beater" Poster Contest**

**Yorktown, June 15** – Every year as part of its award-winning Elementary School Mosquito Awareness Program, York County Mosquito Control Division Manager Tom Gallagher visits third grade classrooms throughout York County to raise awareness among third graders – and by extension, their parents – about ways to effectively keep the mosquito population under control, especially during hot, humid summer months. Part of the program is the “Skeeter Beater” poster contest, won this year by Cinyu Chi, a third grader at Grafton Bethel Elementary School. In the photo, Gallagher congratulates Cinyu for winning the top prize, a \$50 savings bond. A total of 141 third graders submitted poster designs.
